

## A Rhythm for Humble Cooperation

Master DK conceived at the end of the 2<sup>nd</sup> World War a New Group of World Servers (NGWS). Teachings were given to prepare righteous humans who would eventually cooperate with the Plan. His teachings are spread far and wide. Thousands of groups are formed ever since.

The World Teacher Trust is one of them. The groups of the World Teacher Trust have taken to the rhythm of Meditation, Study and Service ever since 1972. They have been learning and practising the Teachings of the Hierarchy.

Time has come for the WTT groups to consciously cooperate with the Hierarchy, Shambala and the Plan. We all fairly know the importance of Shambala, Hierarchy and Humanity.

Since March 2020 with the advent of the pandemic, Shambala has been releasing its energies to neutralise the upcoming upheavals. A New World Order is in incubation to restructure the human affairs for better governance, economics, and social order.

We the World Teacher Trust groups have a responsibility to relate to the Shambala energy on a rhythmic basis to aid in the manifestation of the New World Order, with as minimum damage as possible to the world and to the humanity. For carrying out this work one has to become an outpost for the energy of Shambala for which a rhythmic invocation is needed by the humans.

The rhythm establishes in our consciousness the fact of Shambala and its energies. It should be established in us as clearly as the daily sunrise. We do recollect Shambala sporadically, but it has to be imprinted in us. It happens when we take to a daily or a weekly or a fortnightly or a monthly rhythm.

A weekly rhythm is chosen for its purpose. This would enable a firm connection between us and Shambala, and we tend to be a conscious outpost. When this happens the energy of Shambala transmits itself through us, the humans. We do not have to do any act of transmitting. By this the energies are effectively anchored on Earth. This will be a conscious cooperation of our groups with Shambala and Hierarchy.

We already undertook a similar responsibility when we resumed 'The World Health and Healing Order' and the related prayer.

It is therefore thought fit to have a weekly rhythm to relate to Shambala which is as under:

1. On Thursday evening after the prayer the members may relate to Shambala by reading a page from the book 'Shambala' which was released during last Guru-Pujas.
2. Contemplate upon Shamballa, visualising Shamballa for 12 minutes and concluding with 'OM Shanti Shanti Shantihi'.
3. To aid in visualisation of Shambala the paintings of Nicholas Roerich could be used. It would enable better comprehension. The teachings of Nicholas Roerich can also be studied at other times. Please remember, Nicholas Roerich was graced with admittance into Shambala and his paintings are vibrant. Relating to them is beneficial.
4. The whole exercise is expected to be done in a duration of 20 minutes after the Thursday evening prayer. You can thus offer yourself consciously to the service of Shambala.

The work is purely subtle and yet tends to be formidable when undertaken at a global level. Let us humbly join forces in adoration to the Mighty Hierarchy and Shambala.

Human cooperation facilitates Divine manifestation. Therefore, this appeal to all our members.
